1. What are we doing that is working?

Mandatory Orientation – on-line and face-to-face components

Registration Workshops

Group Advising for some programs

Group Scheduling after advising

High level of engagement and activity with students

Faculty involvement in the process is helpful

Encourage students not to register after first day of classes

On-line tutorials to support the orientation and registration process

3-5 hour process

2. Where are we struggling to make orientation more successful?

Reinforcing message/importance across the institution

Late registration/walk-ins (use on-line option)

Faculty involvement - students want more contact with faculty

Developmental scheduling challenges

Financial literacy

Time and resource challenges

3. How should we move forward from here? What are some next steps? How can The Success Center help us stay connected?

Virtual Warehouse of examples

Share information with what works among institutions

Collaboration with ABLE programs relative to readiness

What pitfalls have been experienced that could be shared?
