What's Hope Got to Do with It?

**Embedding Hope in a First Year
Experience Course**

Elizabeth Kline, PhD

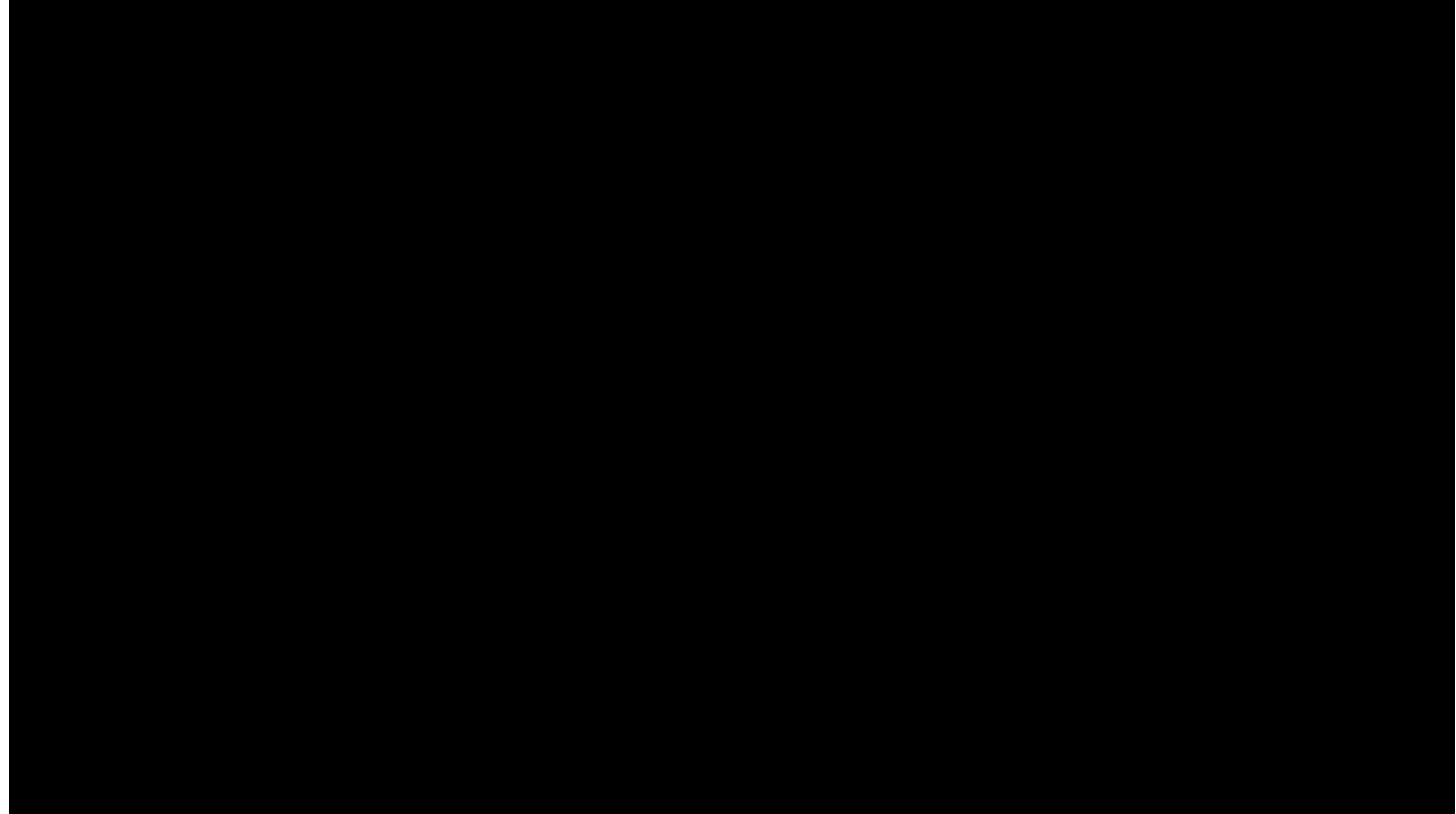

It's all about Perspective

The Theoretical Perspective

The Student Perspective

The Academic Perspective

* 0.05 GPA increase for each
unit increase in hope –
Mean = 52

When you know
yourself you are
empowered. When
you accept yourself
you are *invincible*.

TINA LIFFORD

The Point

Increase in hope score =
Increase in college success =
Increased benefit to society and
passing on high hope to children
(Snyder, 2000)

By increasing hope scores in adults,
you are giving them the power in
the prime time of their lives to
make a difference in society,
shaping it for the future.
